WordPress: Architecture, custom themes, custom plugins, ACF, Gutenberg, custom post types, Headless WordPress, performance, hardening

Frontend: React.js, Vite, Bootstrap, responsive UI, accessibility-aware UI/UX, PageSpeed, Lighthouse

Platforms: Shopify, WooCommerce, payment integrations, CRM integrations

Delivery / DevOps: Git, GitHub, GitHub Actions, branching, staging/production workflows, deployment, Postman, VS Code

AI-Native Engineering: ChatGPT, Claude, Cursor, GitHub Copilot, AI-assisted coding, debugging, code review, refactoring, technical documentation

PROFESSIONAL EXPERIENCE

INDEPENDENT WEB & PRODUCT DEVELOPMENT | *Independent Developer* | Jun 2026 - Present

- Built and shipped API-driven web products from architecture through production, owning integration, UI, QA, and deployment.
- Used AI-native development workflows to accelerate implementation, debugging, review, documentation, and product iteration.

PURETECH DIGITAL | *Business Manager* | Mar 2008 - May 2026

- Led end-to-end technical delivery across multiple client projects in a high-volume agency environment, from planning through production support.
- Built and maintained enterprise CMS solutions, custom WordPress themes/plugins, reusable modules, and client-facing platforms.
- Delivered CRM, payment, financial, OTP, webhook, and third-party API integrations with authenticated workflows.
- Resolved production issues across application, database, hosting, performance, plugin, and security layers, translating findings into practical fixes.
- Balanced delivery speed, maintainability, quality, and stakeholder expectations across concurrent agency projects.

ADLABS FILMS LTD. | *Senior Developer / Technical Coordinator* | Jan 2006 - Jan 2007

- Delivered web development and technical coordination across application updates, issue resolution, and stakeholder requirements.
- Supported website maintenance, troubleshooting, and day-to-day development activities.

GODREJ INFOTECH LTD. | *Web Developer* | Jan 2005

- Contributed to web development, maintenance, and technical implementation in an enterprise environment.

SELECTED PRODUCTS

TickerHQ - Commercial WordPress plugin launched on WordPress.org for configurable market-data ticker widgets.

IPO Dynamic Platform - Financial-data publishing platform with authenticated external feeds, dynamic content, and custom URL architecture.

StockPulse - Responsive market dashboard for API-driven data with routing, state management, and charting.

EDUCATION

Bachelor of Commerce (B.Com) | University of Mumbai
