WORK EXPERIENCE

INDEPENDENT WEB & PRODUCT DEVELOPMENT

Independent Developer / Product Development | June 2026 – Present | Mumbai / Remote

- Continue hands-on development of WordPress, React and API-driven products while pursuing senior full-time, consulting and contract opportunities.
- Built and published TickerHQ, a commercial WordPress plugin for configurable market-data ticker widgets.
- Built an IPO Dynamic Platform using external financial APIs, token-based authentication, dynamic data and WordPress URL/rewrite architecture.
- Built StockPulse, a React and Vite market dashboard with API-driven functionality and responsive application architecture.

PURETECH DIGITAL

Business Manager | March 2008 – May 2026 | Mumbai, India

- Managed performance, security, production troubleshooting, and technical delivery.
- Delivered CRM, payment, financial, OTP, and third-party API integrations.
- Built custom WordPress themes, plugins, and CMS solutions.
- Led enterprise web development using WordPress, PHP, MySQL, and REST APIs.
